

Littoral Lotto

Fishing and Aquaculture litter survey

This survey is to complement the Beachwatch form and help us understand more on the types of industry litter washing up on beaches.

Beach name:

Island name (if applicable):

what3words:

Date of clean:

Start time:

Finish time:

How many metres did you clean or survey?

Did you remove the litter or just record it?

Survey only Beach clean and survey

If you removed it, how many bags of litter were removed?

If weighed, what was the estimated weight? (kg)

How many people were involved?

Did you report anything you found to any organisation? E.g. reporting collected litter to local council, large aquaculture litter to Salmon Scotland or sewage pollution to SEPA.

Yes No Details

Did you find any items of litter that were or would be too big to remove by litter pickers? If so, please send photos to beachwatch@mcsuk.org.

Yes No Details

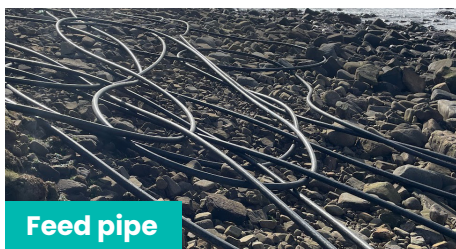

Did you encounter anything hazardous, or anything that may pose a threat to volunteers on future cleans during the event?

Yes No Details

Please list details of any items like lobster tags or buoys with specific ID information here:

Litter ID guide and recording form

Below each image, please tick in each box how many of each of these items you found
