

Together we can save our seas

Want to find out more about how we can protect and restore the ocean?

Ask one of our passionate Sea Champions to visit your group and find out more about one of these themes:

1. **An introduction to the Marine Conservation Society**
2. **Ocean pollution**
3. **Climate change**

Your local contact is:

Book a talk or find out more at:
www.mcsuk.org/community-talk

Marine Conservation Society is a UK-wide community of ocean lovers all working together towards our vision of a sea full of life, where nature flourishes and people thrive.

We fight for our ocean through people-powered action, with science on our side. We defend habitats and species, working with communities, businesses and governments.
